2020

Work Experience

Software Engineer / Technical Project Manager / Owner

Widget Pro · Boulder, CO · Aug 2020 to Present

- Manage relationships with diverse web agencies worldwide
- Currently re-deploying top performing widgets as React apps using customized Webpack buildpacks (AMD). (React, Tailwind CSS, ES6, HTML)
- Orchestrated the deployment of over 110 custom projects, involving API integrations, automations, data manipulation, and bespoke web widgets
- Built a product library of premium web widgets
- Manage all business operations, including website maintenance, product development and strategy, SEO, marketing, accounting, technical sales engineering, and so forth

KEY PROJECTS

All-In-One Directory Widget | *DEMO*
- Calculates filter ranges and renders data dynamically from Airtable base
- Used for blogs, job boards, directories, listings, and more

Airtable As Headless Blog Service | *DEMO*
- Web agencies use this markdown converter to employ Airtable as a headless blog to dynamically render and style content on their sites

Authentication Suite for Static Sites (Supabase integration)
- Seamlessly adds authentication and membership capabilities for static sites via serverless backend services paired with front-end widgets to provide self-edit business listings, subscription management, and paywall content access

Technical Writer

CodeCademy · Nederland, CO · Fixed-Term Assignment in 2021

- Wrote technical content, applet content, and code challenges for a Learn Intermediate JavaScript course.
- Topics included: Currying, Hoisting, Concurrency Model and Event Loop, Introduction to Memory Management, Debugging Memory Issues

Technical Support Engineer

Duda · Louisville, CO · Jan 2020 to Aug 2020

- Completed 3,700+ support interactions per quarter (~75% above average) via phone, chat, and tickets, while maintaining a 96.8%+ CSAT
- Spearheaded internal efforts to develop a community team, built momentum, and got the concept approved by the executive team

Product Support Specialist · Google via Creative Circle (TVC) · 2018 to 2019
Marketing Specialist, Community Specialist · Splunk via Creative Circle (TVC) · 2017 to 2018
